

## UNITED STATES VISIT OF THE ABGTS DEAN, DR. LIZETTE F. KNIGHT

I took this as an advantage to personally meet and be familiar with the people and organizations that are supporting ABGTS. The almost one month (April 22 to May 18) visit was spent in speaking engagements in churches and meetings with the various leaders of institutions, organizations, and churches. Some of the ministry partners I have visited were the Mountain Brook Baptist Church, Samford University, Huntsville FBC, Mercer University, the CBF offices, Hendricks Avenue Baptist Church, and others. Also, it was a delight to meet and had a talk with the US President Jimmy Carter when I preached in his church at Maranatha FBC. New ministry relationships were established with FBC of Toccoa and the WMU Foundation, Alabama. The full and detailed accomplishment report was submitted to the ABGTS president and the Executive Committee.

Dr. James Moebes  
Mountain Brook Baptist Church

I praise God that in all my speaking engagements, meetings, deliberations, and ABGTS presentations people and institutional leaders alike are so excited to hear of the ministry and academic achievements of ABGTS. I was personally blessed with the enthusiasm and optimistic responses of individuals, churches, and organizations in their desire to be of support to ABGTS. The task was great, challenging, and encouraging.

Admittedly this is my first time to be directly involved in fund raising. It was a big adjustment on my part. Overall however, the experience was very enriching--academically, socially, and personally. It has broadened my perspective in terms of higher mandate of personal sacrifice for the cause of the institution and the students we are called to serve.

Finally, I thank and appreciate the support and generous hospitality imparted to me by individuals and churches while I was in the U.S.

Lizette F. Knight, D.Min., Ph.D.

US President Jimmy Carter & Wife

President William Underwood  
Mercer University
